**Keep Yourself and Your Family Safe on the Internet**

I know, I know, nobody has a problem on the Internet. But even if you don't you should still protect yourself for conscience sake and for the sake of others, get some filters – preferably the kind you have no control over.

Here's a few options:

1) Hedgebuilders [www.hedgebuilders.com](http://www.hedgebuilders.com)

Hedgebuilders filters on their end, so you have no control over the content and cannot goof with the controls. It costs you \$6 a month, but it's cheaper if you pay for a year.

2) Covenant Eyes [www.covenanteyes.com](http://www.covenanteyes.com) Uses the buddy system, a friend has access to all the places you've visited. Monitors Internet use and reports to your Accountability Partners (at no charge to them). Objectionable sites score high, and are presented in an easy-to-read report, either by email or at our Member Center.

3) X3Watch <http://www.x3watch.com/>

Similar to Covenant Eyes, but Free. X3watch is an accountability software program helping with online integrity. Whenever you browse the Internet and access a site which may contain questionable material, the program will save the site name on your computer in a hidden folder. A person of your choice (an accountability partner) will receive an email containing all possible questionable sites you may have visited within the month. This information is meant to encourage open and honest conversation between friends and help us all be more accountable.

4) WeBlocker <http://www.cw.net/We-Blocker.htm>

Password Protected. Download for free.

There are many other programs that you can use, but PLEASE use something!

5) Already have a problem? Visit PureOnline [www.pureonline.com](http://www.pureonline.com) or talk to one of the elders in the church. We understand and we've got ways and people to help you. The one thing you won't get in coming to the elders at Calvary Chapel in Uncasville is condemnation. Don't be afraid and don't be ashamed. Check out the books in our bookstore under the "Sex & Sexuality" section. You might find something there that will help you. God loves you and wants you free!

6) A couple of great resources on the Internet are:

[www.xxxchurch.com](http://www.xxxchurch.com) and [www.puredesire.com](http://www.puredesire.com) Don't

stay trapped. Seek out some help. God loves you!! joe
